

A woman seen from behind, wearing a light pink headscarf tied in a knot and a light-colored dress with a large green leaf pattern. She is looking out over a cityscape under a bright sky. The image is partially covered by a semi-transparent brown rectangle.

Cancer

Dr. Varsha M Khurana

homeopathynet.com

Some things to do :

1. Stop all consumption of white sugar.
2. Mix a lemon in warm water with 2-3 lemon slices and have it once a day.
3. Take 3 tbsps of organic coconut oil morning & night.

All these measures have been researched in medical labs and have produced great results in cancers.

Homeopathic Remedies

I strongly advise a detailed consultation with a professional homeopath for a condition like cancer. This is just for information purposes, not self-prescription.
